

International Congress of Educating Cities

From 26 to 29 May

Conferences and dialogues

Sessions led by guest speakers at the Congress. The “conference” format is individual, while the “dialogue” format features two speakers and a moderator, who will be a member of the Scientific Committee.

Presentation of experiences

There are **workshop** sessions (each city has ten minutes to present its experience during a two-hour session), **direct dialogues** (in small groups, each city has eight minutes to present its experience) and **posters** (visual presentation of experiences).

IAEC events

These are the various events attended by representatives of the International Association of Educating Cities

Study visits

These sessions will allow conference participants to learn about educational experiences carried out “in situ” in Granollers and surrounding municipalities.
