

# International Congress of Educating Cities

**From 26 to 29 May**

## **Conferences and dialogues**

Sessions led by guest speakers at the Congress. The “conference” format is individual, while the “dialogue” format features two speakers and a moderator, who will be a member of the Scientific Committee.

## **Presentation of experiences**

There are **workshop** sessions (each city has ten minutes to present its experience during a two-hour session), **direct dialogues** (in small groups, each city has eight minutes to present its experience) and **posters** (visual presentation of experiences).

## **IAEC events**

These are the various events attended by representatives of the International Association of Educating Cities

## **Study visits**

These sessions will allow conference participants to learn about educational experiences carried out “in situ” in Granollers and surrounding municipalities.
